Ecobat Battery Strategy

To deliver the high level of services our customers expect; we operate within an effective framework consistent with ISO 9001:2015 management systems and our objectives are:

- To enhance customer satisfaction by consistently providing a quality of service that meets or exceeds customer expectations.
- To provide such service in a manner which ensures the safety and wellbeing of our staff, reduce our operations costs, and our impact on the environment.
- Maintain current business and pursue new business to an extent that the company can deliver a strong financial performance.
- To promote and encourage a positive health and safety culture throughout the company through the provision of information, training, consultation, and participation of the employees.
- Have a commitment to continual improvement.

These objectives will be measured through Key Performance Indicators.

Our Company QHSE manual contains all relevant processes required by all employees to implement this policy statement at all levels within the Company.

This policy statement will be reviewed at least annually or as changes arise.
